

# SCRAPER CUP

## UC4

2-14" (51-356mm)

The basic four cup series UC pigs are generally used for batching of dissimilar fluids and are typically used for longer distance applications. The UC series is available in three versions. The four cup design of this pig provides a positive seal between fluid interfaces and is widely used for light cleaning of pipelines or batching/separation operations.

### Features:

The large wear surface of the cup promotes longer life while the product pressure keeps the cutting edge firm against the pipe wall. Cups can be changed or adapted to different configurations as the application dictates.

### Options:

- Gauging plates of aluminum or steel, and either in slotted or standard styles are available.
- Magnets are available.
